Environmental Policy Statement **January 2019**

Elmatic (Cardiff) Limited is committed to the preservation of the environment by monitoring and minimizing the impact of our activities and products.

By developing our understanding of our impacts and by the setting of objectives and targets, we will:

- Strive to continuously improve our environmental performance
- Aim to prevent all forms of pollution
- Aim to reduce the use of natural resources
- Commit to the recycling of such resources

Elmatic (Cardiff) Limited will operate in compliance with all relevant existing and future laws, regulations and associated codes of practice, maintaining a Register of Relevant Legislation.

Annual reviews are conducted by a cross-functional team to monitor our progress in meeting the objectives of this policy and its associated targets. These audits act as an effective method of introducing / transferring best practices and knowledge across the site.

We are committed to maintaining effective communication systems on environmental matters, and we will respond positively to enquiries and suggestions from both inside and outside the company.

We have a responsibility to the local community and ourselves to maintain a safe environment and to operate in a sustainable manner, and as such we will respect our legal and ethical responsibilities through the use of appropriate training and learning.

RoHS (1), (2) & (3)

Supplier certifications are used to ensure compliance with the EU Directive 2002/95/EC Restrictions of the Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS). This Directive restricts the presence of Lead (Pb), Mercury (Hg), Cadmium (Cd), Hexavalent Chromium (Cr VI), and certain brominated flame retardants Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP), Diisobutyl phthalate (DIBP), in electrical and electronic equipment.
